All prices subject to change without notice and are subject to 6% PA Sales Tax. Tax is not included in prices.

Common FAQ

Q: Is PA Tax Included in Price?

A: No. Add PA State Sales Tax Rate of 6% to total bill.

Q: How much does each pan feed?

A: This is not a one size fits all answer. It depends on your family, type of function, the combination of your total main entrees and side dishes you are serving, and your families' appetites. For example, if your guests are a fan of mac and cheese, then we advise you to order a larger quantity since it is a family favorite. If you are having football gathering and most of your guests are hearty eaters, by all means, order according to your guests appetites.

Tray Maximum Capacity Based On Cups:

Family Tray - 7 Cups

1/2 Tray - 14 Cups

Full-Size Medium Tray - 28 cups

(Tray capacity examples - Family tray of mac and cheese is 7 cups, 1/2 tray of Penne is 14 cups etc..)

Q: What type of chicken do you use?

A: Unless there is a market shortage/purchase restriction, we use **chicken tenderloins** for most of our chicken entrees unless otherwise noted. (Exceptions are Stuffed Chicken Breast, Boneless Southern Fried Chicken etc....)

Q: How much chicken do I order per person?

A: Order at least one piece of chicken per person and one portion each of all other items. Some guests may not take one portion of each item but some will take double if it is their favorite.

Q: How much does each pan weigh?

A: All trays are approximate and weight will vary based on the item. For example, a half pan of salad will not weigh the same amount as a half pan of mac and cheese.

Q: When should I order my trays?

A: **For Trays:** Order by Monday for Wednesday and order by Wednesday for Friday. Weekend tray orders are dependent of catered events.

Q: Do you deliver items-by-the-tray?

A: We do not offer delivery for trays. All items-by-the-tray orders must be picked up at our kitchen.

Q: Do you offer Gluten Free?

A: Some main and side dishes can be altered by using gluten free ingredient substitutes. Inquire for a list of those dishes.

Comparing Our Prices

Theirs

= \$11.00 per
serving by the
meal.

Ours

= \$8.50 per
serving by the
tray.

Any Questions ?

A photograph showing a chef's hands using a knife to chop vegetables on a wooden cutting board. The vegetables include a red bell pepper and a yellow bell pepper.
